Dedication

The Senior Class of 1957 is happy to have this opportunity to show their appreciation to a splendid group of people who hold in trust the noble ideals for the education of youth.

That these people have tried to further the development of the young men and young women of S.W.H.S. is evidenced by their self-sacrifice, thought, zeal, care, and expenditure of their talents and their energies.

To the devoted members of the lay faculty who have done so much to make us good citizens, we dedicate the 1957 Foslin.

After a successful fund-raising campaign, James Zeyen, Mary Alice Abowd, Betty Lou Shock, William Huber, Jean Ann Podach, Lawrence Scharf, seniors, check other annuals for ideas.

Class Prophecy

Time: June 2, 1982
Place: Fostoria, Ohio, now the metropolis of the world.

As I answered the call of my supersonic phone,
The voice of my secretary in a lovely drone—
Informed me that today was the appointed time—
To search in my files line by line
For the whereabouts of the S.W.H. class of '57,
Their silver anniversary dinner was today, at eleven.

No hurry, for with the aid of my secretaries and my trans-world T V phone, I shall be able to contact all the people listed in file 1957 in a matter of fifteen minutes.

By remote control the files appeared on my desk and flipped open to the name of **Lawrence, Cardinal Archbishop Scharf,** whose See is in Fostoria. Courtesy requires a personal call to the Cardinal and the President of the United States, **John J. Kirian;** vice-president, **Dorothy Bugner;** Secretary of Education, **Juletta Holman.** My robot secretaries will inform the others.

According to the files here on my desk, **Thomas R. Martin** is chief-of-staff of the John Kirian hospital located in Fostoria, while **Alice Ziegman** is head of the nursing school of that institution.

Ronald Tuttle, head coach of Hunter College (named for the famous **Rev. D. S. Hunter,** former principal of St. Wendelin High School) has a team that has been unbeaten and unscored on for five years. A private school that admits only the elite of the city is owned by **Helen Flores. Betty Lou Shock** serves as her dean of women, while **Eusebio Guzman** fills the same position for the men of the college.

The mayor of Fostoria, **Philip Degens,** has appointed **Gerald LaFontain,** poet laureate. Mr. LaFontain is writing an ode for the anniversary dinner.

Phyllis Coleman, editor of the Review-Times, which has become the out-standing literary publication of the world; **James Kitchen,** T V Toast of Fostoria; **Ruth Ann Nye,** president of the Fostoria Baseball Association; and **John Vance,** owner of La Maison de Fumée, are renowned citizens of the metropolis.

It was a thrill for architect **Carolyn Reinhart** when her plans for the wonder-ship Neptune were accepted. The owner, **William Huber,** states that the vessel is capable of making 1200 miles an hour under favorable weather conditions. The interior decor of the ship was done by **Anita Malagan. James Zeyen,** head of the Solar Research Laboratories, designed the solar engine. **Judy Woessner** is the gracious hostess on the luxury liner.

The Metropolitan Opera Company is currently starring the greatest soprano of all time, **Janet Pahl.** Her costumes are created by **Karen Weimerskirch;** her hair is styled by **Mary Jo Torres,** who commutes from Paris daily.

Marshia Huth is a contemporary artist who has astounded the world with her depth of feeling. In music, **Mary Alice Abowd** is recognized as the world's best concerto artist. **Mary Ann Ballreich** directs a ballet. **Carolyn Duding** is her chief instructor.

America's leading authority on etiquette is **Mary Lou Reinhart. Joseph Pocs** and **Rosemary Arend** are her field workers.

Julie Snyder has established a dental clinic on Fifth Avenue. Her chief technician is **Sandra Brown.** Three doors down, **Mary Ann McCarty** has a thriving veterinary hospital. Her best client is **Harold Brickner** whose large ranch with 100,000 head of prize cattle needs constant attention. Employed on the Brickner estate are **Patricia Bulkowski,** conservation scientist, and **Robert Hagenmaier,** geologist. Bumper and unique crops have been developed as the result of Bob's research.

America's answer to Shakespeare's genius has at long last been made in the writing of **Jean Ann Podach,** who may even surpass the Bard of Avon as she has reached his peak of accomplishment at an earlier age.

Donald Boff, president of Amalgamated Aluminum, furnishes the materials for **James Faber's** hot-rod factory. James in turn issues parts for **Richard Curry's** 1982 models, produced in Detroit, which are the wonder of the world.

William Burns, Commander-in-Chief of the National Guard, is at present inspecting troops in Africa. **Brenda Boulboulle,** ambassador to Egypt, has as house guest, **Martha Jane Finsel,** missionary, and **Kathleen Haubert** who supervises the Egyptian Air Lines.

A flicker from the atomic eye on my desk tells me that all members of the class of '57 are ready to leave for the anniversary dinner and that **Dale Rumschlag,** who operates a "Rent-a-Copter" service will meet all members of the class at the various terminals and will take them to the '57 Club where they will be welcomed by **Jane Bugner,** owner. Each guest will be presented with a unique arrangement of either a corsage or boutonniere from the gardens of the famous horticulturist, **Virginia Frias.**

Reaching for the Stars?

☆ OF COURSE YOU ARE, why not? It means you are ambitious . . . looking forward to the years ahead to whatever they will bring . . . to the big challenge of making your own way . . . to reach the top in whatever field you select.

IT'S GOOD — this ambition — because, properly channeled, it leads to accomplishment, and security, and all the good things in life you have a right to expect.

YOUR FIRST STEP is to select a job in which your talents can be explored and used most fully.

YOUR INTERESTS may lie in, say, the field of electronics . . . or hydraulics, chemistry, mechanical engineering . . . or they may lean toward office work, or administration . . . or many of numerous interesting and rewarding occupations. Whatever your dreams, whatever your ambitions, we believe you can fulfill them at Auto-Lite, because Auto-Lite offers many opportunities in these and many other fields. Auto-Lite is the world's largest independent manufacturer of automotive electrical equipment, but that tells only part of the story. In short, we believe we are big enough, diversified enough to meet any demands your ambition calls for.

WHEN YOU COME TO TALK to us, bring your ambition . . . and your dreams. We're interested in young people who are reaching for the stars.
